BASKETBALL

Basketball is my favorite sport, it can be played anywhere on a court.

"Yo look pass him the ball, how can you miss him he's six feet tall."

"Hey coach, call a play, please hurry we anit got all day."

There was five seconds left in the game, I had to do something quick or we'd be in shame.

I saw Darryl, I gave him a dish, he shot the ball up and made a swish.

I couldn't believe it, we had won, finally the Bears are number one.
